

FORESITE INTEGRATED RISK - FIRM MANAGEMENT PLATFORM

Removing the Complexity of
Your Risk and Compliance
Journey

Cybersecurity Compliance is an expensive and time-consuming effort- and often involves external help from experienced consultants. Foresite’s Integrated Risk Management (FIRM) Platform simplifies and automates the compliance process. With FIRM’s automated approach, your team can spend less time on managing complicated compliance operations, and more time on reducing real cyber threats to your business. FIRM will help your business:

Gain or maintain Compliance

Prepare for an audit or assessment

Show where the organization is on the security maturity journey

Our Proprietary Approach To Compliance

Policy

Are your policies well written and covering all the bases for compliance?

Practice
